

FORESTER 2017

SUBARU

Confidence in Motion

THIS IS WHERE **MEMORIES** ARE MADE.

Doing what you love with those who matter most. That's the true joy of new adventures—and the inspiration for the redesigned Forester. With capability in its DNA, the Forester is ready to take you farther than ever before. With the safety to be able to protect you and your family, along with passenger-ready versatility, your adventures can be shared with the ones you love.

FIND YOUR INNER STRENGTH.

The second wind. It's that extra bit of force summoned from within that helps you rise to the occasion and conquer the challenge. The Forester finds its inner strength with X-MODE.^{®1} Activated with the push of a button, it gives the Forester that extra bit of capability you may need to take on adverse road and weather conditions.

Engineering that doesn't quit.

The Forester was engineered to help you conquer ledges, rocks, trees and other obstacles you may encounter without sustaining damage or getting stuck. The larger the object, the larger the approach and departure angles needed to prevent damage to the front and rear bumpers. Optimized for both, the Forester's ground clearance maximizes break-over angles, minimizing your chances of being hung up from underneath.

Dynamic Performance

Exceptional traction makes acceleration immediate and exhilarating. And the symmetry helps the Forester deliver responsive handling because it's more stable during cornering, for a unique feeling of control at all times.

Agility In An Emergency

In bad weather, or in the precious seconds it takes to react to a sudden situation, the symmetrical drivetrain with impressive side-to-side balance provides the stability, agility and traction that help you step around danger.

Constant Contact

The more your tires are engaged with the road, the more control you have. Power is routed to all four tires while the vehicle is in motion in order to maintain optimal connection to the road, maximizing handling and control.

X-MODE^{®1} and Hill Descent Control

"X" marks added capability for any driver on most any road. With a push of a button, X-MODE[®] takes control of the engine, transmission, AWD, brakes, and other components to help you safely navigate through bad roads and slippery surfaces with maximum confidence. For challenging descents, Hill Descent Control enhances confidence down the steepest of hills you'll encounter by providing constant, controlled momentum so the driver can focus more on steering the vehicle—and less on braking.

1 Requires Lineartronic[®] CVT. Optional on 2.5i and 2.5i Touring trims. Standard on 2.5i Convenience, 2.5i Limited, 2.0XT Touring and 2.0XT Limited trims.

FEEL RIGHT AT HOME ON THE ROAD.

Designed with an active lifestyle in mind, the redesigned interior of the Forester is a great place to start your adventure. Every useful feature of the Forester is thoughtfully placed to be right where you need it, when you need it. With high-quality materials and durable design, it's designed to make tasks simpler, and driving more comfortable.

1 Heated Steering Wheel¹

Numb hands no more. For those extra-brisk mornings, the steering wheel heater will help warm your hands so you can enjoy driving your Forester, no matter the weather.

2 Heated Front and Rear Seats²

Extreme climates require extreme measures. In the Forester, both front and rear passengers can enjoy the comfort of adjustable heated seats.

1 Standard on 2.5i Limited and 2.0XT Limited trims.

2 Standard on 2.5i Limited and 2.0XT Limited trims. Heated front seats only on all other trims.

SUBARU STARLINK

Like a built-in smartphone for your car, the SUBARU STARLINK™ Multimedia System lets you access entertainment apps and much more. Control it with the available tablet-like 7-inch centre touchscreen, multifunction steering wheel controls or one-shot voice recognition.² If you can't find your favourite music, connect your iPhone,³ smartphone or other mobile music device via the USB or standard AUX jack.

EXPLORE YOUR WORLD.

Going on the road doesn't mean you'll have to leave it all behind. Stay grounded and focused with technology that's intuitive and easy to use. The Forester keeps you connected and on course with navigation and audio systems that you can either control with the touch of your fingertips or the sound of your voice. For digital-quality content that's available coast to coast, listen to SiriusXM^{®4} for 130+ channels of commercial-free music, news, sports and entertainment. And with smartphone and iPhone^{®3} connectivity, you're never free of your peers or playlists.

1 Instrument Cluster

The instrument panel of the Forester is designed to deliver information quickly and effortlessly. The tachometer and speedometer are clearly visible to help keep more focused on the road ahead.

3 Touchscreen Control

Use the touchscreen to easily manage your music, just as you would on your smartphone. Simply connect your smartphone through Bluetooth^{®5} or USB port, and you can choose your music right on the touchscreen.

5 Voice Recognition² and Siri[®] Eyes-Free^{3,6,7}

Your Forester has more hands-free options than ever before, thanks to intuitive Voice Recognition² and Siri[®] Eyes-Free^{3,6,7} integration. Use Siri[®] to link your compatible Apple^{®3} product to your Forester, allowing you to make hands-free calls, play music, check emails and search the web.

2 High-grade Multifunction Display

Located conveniently in your sight line, informative car vitals are displayed with the touch of a button. It also features advanced environmental performance and efficiency—even allowing you to compare the efficiency between different trips.

4 Premium Audio System with Harman Kardon[®] Speakers⁶

The 8-speaker, 440W system was designed for ultimate sound performance. Two oval-shaped speakers are placed on the front doors, and four speakers are installed at the rear doors.

6 Steering Wheel-mounted Controls

Steering wheel-mounted controls place audio controls conveniently at your fingertips, and the Bluetooth^{®5} hands-free system automatically links with your paired smartphone to help keep you focused on the road.

1 Driver is always responsible for safe and attentive driving. Please refrain from operating the touchscreen while driving. Package communications fee may be charged depending on your area.

2 Voice Recognition is compatible with select languages only and cannot accept all languages.

3 Apple, App Store, iPod, Siri and iTunes are registered trademarks of Apple Inc.

4 Activation and required monthly subscription sold separately. Includes 3-month trial subscription. See your retailer.

5 Bluetooth is a registered trademark of Bluetooth SIG, Inc., America.

6 Standard on 2.5i Limited and 2.0XT Limited trims.

7 Siri-compatible Apple product (iPhone, iPad, iPod touch, etc.) required.

SUPPORTIVE OF EVERYTHING YOU LOVE DOING.

The Forester is well-prepared to keep up with your life, from planned vacations to spontaneous hiking expeditions. The wide cargo area can accommodate four large suitcases and even the bulkiest adventure gear, while an available power tailgate,¹ wide door openings and lower side sills help you load and unload with ease. For longer items, the rear seats fold flat in a 60/40 split.

Child Step

The backseat step was designed to ease entry and exiting for small children. The wider, non-slip surface has been well placed so children's knees land on softer floor mats instead of harder plastic.

Side Sills

The side sills have been designed to be as low as possible, making it easy to get in and out. The side sills also help prevent snow and dirt from collecting inside the door frame, helping to keep your clothes and the interior looking clean.

Power Tailgate¹

The power tailgate will take some of the work out of loading so you can do more living. One touch of the button on the instrument panel, the tailgate or key fob, and it opens automatically.

SUBARU CORE TECHNOLOGY

Subaru Symmetrical Full-Time All-Wheel Drive

Symmetry gives you balance. Balance gives you control. Matched with the SUBARU BOXER® engine for an almost perfectly symmetrical layout, the Subaru Symmetrical Full-Time AWD system maximizes the power delivery with exceptional traction and generates balance and stability for total control in almost any condition, confidence in nearly any situation, and performance that's simply unexpected in an SUV.

SI-DRIVE¹

Subaru Intelligent Drive (SI-DRIVE) can adjust the responsiveness of its drivetrain to support your driving style, road conditions or any driving state at your immediate request. Quickly remap the throttle response and automatic-transmission shifting behaviour to ensure that you always have the best performance for any circumstance.

SUBARU BOXER® Engine

2.5-LITRE DOHC SUBARU BOXER®

MAX OUTPUT:

170 hp @ 5800 rpm

MAX TORQUE:

174 lb-ft @ 4000 rpm

The 2.5-litre SUBARU BOXER® engine balances efficient excitement with refined response. It utilizes an Active Valve Control System (AVCS) to precisely control intake-valve timing, boosting low-end torque while cutting fuel consumption and reducing emissions.

2.0-LITRE DOHC TURBO SUBARU BOXER®

MAX OUTPUT:

250 hp @ 5600 rpm

MAX TORQUE:

258 lb-ft @ 2000-4800 rpm

The 2.0L direct-injection turbocharged (DIT) engine provides a dynamic driving experience without compromise. Control the power through the high-torque Lineartronic® CVT—designed to provide maximum efficiency and environmental performance that surpasses what you previously thought possible from an SUV.

Transmissions

6-Speed Manual Transmission + Viscous Coupling Centre Differential AWD

A slick-shifting 6-speed manual transmission offers swift, sporty control. It's paired with AWD, utilizing a viscous coupling limited-slip centre differential (LSD) that maintains the front-to-rear torque balance as traction changes.

Lineartronic® CVT (Continuously Variable Transmission)

The Lineartronic® Continuously Variable Transmission is designed to work seamlessly with the SUBARU BOXER® engine and Subaru Symmetrical Full-Time AWD to perform smoothly as it keeps the engine in its optimal power range.

The Forester 2.0XT features a high-torque Lineartronic® CVT that is capable of handling the higher demands of a turbocharged engine. It maximizes driving performance with 6- and 8-speed manual modes while maintaining great fuel efficiency.

Paddle Shifters

Available paddle shifters are mounted on the steering wheel for fingertip control, giving you the power to select the gear ratio of the Lineartronic® CVT that best suits your driving situation. The result is a sharper and sportier driving experience.

¹ 2.0XT trims only.

IT'S THE TECHNOLOGICAL EQUIVALENT OF "THE BUDDY SYSTEM."

The EyeSight®¹ Driver Assist Technology integrates multiple safety and convenience features so you'll always feel comfortable and protected, wherever you go. EyeSight® gives you a virtual second pair of eyes on the road that can warn you of potential danger ahead and even apply the brakes if necessary. It's a vigilant safety feature that gives peace of mind to every drive. Once you experience it, driving will never be the same.

Pre-Collision Braking

A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight® warns you, applies brakes and, at lower speeds, can even help you stop your Subaru.

Pre-Collision Throttle Management

If you put the car in Drive instead of Reverse and EyeSight® sees an object in your path, it cuts power to help you avoid accelerating into it.

Adaptive Cruise Control

Traffic doesn't always flow smoothly, so EyeSight® doesn't only keep a set speed. The system looks ahead and helps automatically adjust to keep your speed and distance, even in stop-and-go highway traffic.

Lane Departure and Sway Warning with Lane Keep Assist

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you, and can even apply gentle steering inputs to help keep you in your lane.

¹ EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operations and limitations. Please remember to turn off EyeSight when going through a car wash.

PASSIVE SAFETY

Ring-shaped Reinforcement Frame

The Ring-shaped Reinforcement Frame strengthens the passenger cabin's roof, doors, pillars and floor. This design helps divert and dissipate impact energy away from the occupants in a collision by use of high-strength materials and strategic placements. While making it stronger with increased torsional rigidity, the overall frame is still lightweight.

ACTIVE SAFETY

Visibility

With a commanding perspective and front and rear visibility at the top of its class, the Forester keeps the driver aware and at ease on narrow roads and in tight spaces. Blind spots are kept to a minimum with well-positioned A-pillars and integrated partition windows. The side mirrors have also been placed onto the door panels, creating a remarkably open field of view.

Seats, Seatbelts and SRS¹ Airbags

Standard on the Forester are front SRS¹ airbags, plus a driver's knee SRS¹ airbag, as well as front-side and curtain SRS¹ airbags. Height-adjustable front seatbelts feature pretensioners to hold passengers firmly in place as well as load limiters that ease peak forces to the chest. In a rear collision, front seats utilize rigid frames, firm headrests and such details as energy-absorbing mounting of the inner seat springs—all to help reduce the chance of whiplash.

Pedestrian Protection

Shock-absorbing space within the vehicle helps reduce pedestrian injury, as do an energy-absorbing front bumper and a specially designed area around the windshield wipers. And in order to provide protection in the head zone, a split-type construction in the front has been implemented.

Cabin-protecting Layout

Every Subaru goes above and beyond common practice when it comes to your safety. In the event of a head-on collision, your Forester's SUBARU BOXER[®] engine and gearbox are designed to avoid rushing into the cabin for your protection.

Braking System

The standard 4-wheel disc Antilock Braking System (ABS) with Electronic Brake-force Distribution helps redistribute braking power where you need it among all four wheels, while the Brake Assist and Brake Override systems help provide enhanced control in emergency braking situations. There's also the Auto Vehicle Hold system, which helps prevent rollback when starting from a stop on any slope. XT models add larger 316mm ventilated discs in front and 278mm ventilated discs for the rear, for even better braking performance.

Vehicle Dynamics Control

Vehicle Dynamics Control monitors and analyzes whether the vehicle is following the driver's intended course via an array of sensors. If a tire slips or a high-speed turn causes the vehicle to veer off its intended path, the AWD torque distribution, engine output and brakes at each wheel are adjusted to assist in keeping the vehicle on course.

Includes 3-month trial subscription. See your retailer. ¹⁰ Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. ¹¹ EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Pre-Collision Braking System is designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of certain frontal impacts. Adaptive Cruise Control and Brake Light Recognition are designed to assist the driver and are not substitutes for safe and attentive driving. Lane Departure and Sway Warning and Lane Keep Assist operate only when lane markings are visible and system effectiveness depends on many factors. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash. ¹² This system is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner's Manual for complete details on system operation and limitations. ¹³ Activation and required monthly subscription sold separately. Includes 3-year trial subscription.

2.5i

- 170-hp 2.5-litre 4-cylinder PZEV SUBARU BOXER® engine
- Subaru Symmetrical Full-Time All-Wheel Drive
- 6-speed manual transmission or optional Lineartronic® CVT
- 17-inch styled steel wheels
- Rearview Camera
- Colour multifunction display
- Premium Cloth upholstery
- 6-way manually adjustable driver's seat. 4-way manually adjustable front-passenger's seat.
- Heated front seats
- Raised roof rails: black finish
- Shark fin antenna
- One-touch turn signals
- 6.2-inch Infotainment System: AM/FM/CD/MP3/WMA audio system with high-resolution touchscreen display, STARLINK™ smartphone integration⁶ (including Aha™ radio), 4 speakers, USB port/iPod®⁷ control, auxiliary audio input, steering wheel-integrated controls, Bluetooth®⁸ mobile phone connectivity with voice activation and Bluetooth® streaming audio, and SiriusXM® Satellite Radio⁹

2.5i Touring

Includes 2.5i Convenience key features and adds:

- 6-speed manual transmission or optional Lineartronic® CVT with manual-mode paddle shifters
- Power tailgate
- Electroluminescent gauges
- Air conditioning with dual-zone automatic climate control and air filtration
- Power-sliding extra-large glass sunroof
- Front windshield wiper de-icer
- Leather-wrapped steering wheel and shift knob
- Reclining rear seat
- Subaru Rear/Side Vehicle Detection (SRVD) with Blind-Spot Detection (BSD) and Rear Cross-Traffic Alert (RCTA)¹⁰
- 6 speakers
- Available with Technology Package option. Includes: EyeSight® Driver Assist Technology,¹¹ Reverse Automatic Braking,¹² Proximity Key with Push-button Start and steering responsive fog lights

2.5i Convenience

Includes 2.5i key features and adds:

- Lineartronic® CVT with manual-mode paddle shifters
- Roofline spoiler
- Multi-reflector halogen fog lights
- 17-inch aluminum-alloy wheels
- 10-way power adjustable driver's seat, including lumbar support
- Rear seat armrest with dual cupholders
- Tonneau cover
- Auto-on/off headlamps
- Welcome lighting

2.5i Limited

Includes 2.5i Touring key features and adds:

- 18-inch aluminum-alloy wheels
- LED steering responsive headlights
- Two-position driver's seat memory
- Heated steering wheel and rear seats
- One-touch folding rear seatbacks
- Auto-dimming side-view mirrors with approach lighting
- Auto-dimming rearview mirror
- Door mirrors with LED integrated turn signals
- Stainless steel rear step pad
- Leather-trimmed upholstery
- Leather CVT shift boot
- 7-inch Infotainment System with Navigation: AM/FM/CD/MP3/WMA audio system with high-resolution capacitive touchscreen display with GPS navigation system, STARLINK™ smartphone integration⁶ (including Aha™ radio), dual USB port/iPod®⁷ control, Siri®⁷ Eyes-Free, auxiliary audio input, SMS text messaging capability, Bluetooth®⁸ mobile phone connectivity with voice activation and Bluetooth® streaming audio, and SiriusXM® Satellite Radio,⁹ Traffic®¹³ and Travel Link®¹³
- Harman Kardon® 8-speaker audio system with 440-watt 8-channel amplifier
- SUBARU Map Update Program
- Available with Technology Package option. Includes: EyeSight® Driver Assist Technology,¹¹ Reverse Automatic Braking,¹² Proximity Key with Push-button Start

2017 Forester | Trim Levels

2.0XT Touring

- 250-hp twin-scroll turbocharged and intercooled 2.0-litre 4-cylinder SUBARU BOXER® engine
- Direct fuel injection
- Subaru Symmetrical Full-Time All-Wheel Drive
- Lineartronic® CVT with manual-mode paddle shifters
- 18-inch aluminum-alloy wheels
- Multi-reflector halogen fog lights
- Raised roof rails: silver finish and roofline spoiler
- Power-sliding extra-large glass sunroof
- Rearview Camera
- Power tailgate
- SI-DRIVE
- Subaru Rear/Side Vehicle Detection (SRVD) with Blind-Spot Detection (BSD) and Rear Cross-Traffic Alert (RCTA)¹⁰
- Air conditioning with dual-zone automatic climate control and air filtration
- 10-way power adjustable driver's seat, including lumbar support
- 6.2-inch Infotainment System: AM/FM/CD/MP3/WMA audio system with high-resolution touchscreen display, STARLINK™ smartphone integration⁶ (including Aha™ radio), 6 speakers, USB port/iPod®⁷ control, auxiliary audio input, steering wheel-integrated controls, Bluetooth®⁸ mobile phone connectivity with voice activation and Bluetooth® streaming audio, and SiriusXM® Satellite Radio⁹

2.0XT Limited

Includes 2.0XT Touring key features and adds:

- Leather-trimmed upholstery
- LED steering responsive headlights
- Two-position driver's seat memory
- Heated steering wheel and rear seats
- Door mirrors with LED integrated turn signals
- Windshield wiper de-icer
- Leather CVT shift boot
- 7-inch Infotainment System with Navigation: AM/FM/CD/MP3/WMA audio system with high-resolution capacitive touchscreen display with GPS navigation system, STARLINK™ smartphone integration⁶ (including Aha™ radio), dual USB port/iPod®⁷ control, Siri®⁷ Eyes-Free, auxiliary audio input, SMS text messaging capability, Bluetooth®⁸ mobile phone connectivity with voice activation and Bluetooth® streaming audio, and SiriusXM® Satellite Radio,⁹ Traffic®¹³ and Travel Link®¹³
- Harman Kardon® 8-speaker audio system with 440-watt 8-channel amplifier
- SUBARU Map Update Program
- Available with Technology Package option. Includes: EyeSight® Driver Assist Technology,¹¹ Reverse Automatic Braking,¹² Proximity Key with Push-button Start

Subaru Warranties

Every Subaru vehicle is designed and built to offer our customers the highest possible level of quality and reliability. We are proud of our vehicles and proud to stand behind them with a comprehensive warranty. For 2017 model year vehicles, the warranty on all Subaru vehicles consists of the following:

New Vehicle Limited Warranty (36 month/60,000 km) – Covers basic and major components for 36 months or 60,000 km.

Major Component Limited Warranty (60 month/100,000 km) – Extends coverage of major components (more than just powertrain) up to 60 months or 100,000 km.

Surface Corrosion Limited Warranty (36 month/60,000 km) – Covers surface corrosion to visible painted body panels for 36 months or 60,000 km.

Anti-Perforation Limited Warranty (60 month/unlimited km) – Covers perforation due to corrosion to body sheet metal panels for 60 months, regardless of kilometres.

Emission Control System Limited Warranty – Covers some emissions components for 36 months or 60,000 km and the major parts of the emission control system for 96 months or 130,000 km.

Parts and Accessories Limited Warranty – Covers Subaru parts and accessories installed by the retailer prior to retail delivery of the vehicle for 36 months or 60,000 km, and Subaru parts and accessories installed by the retailer after the retail delivery of the vehicle for 12 months or 20,000 km from the date of the installation.

The above information is an overview of warranty coverage and is not a warranty statement. If you wish to see more details regarding Subaru warranties, please refer to your Subaru warranty booklet, contact your local retailer or visit our Web site at subaru.ca.

Subaru 360 C.A.R.E. Program (36 months/unlimited km)

Access to dedicated Subaru 360 C.A.R.E. (Customer Assistance for Roadside Emergencies) Roadside Assistance Services, which includes access to 1,000 CAA and AAA offices throughout Canada and the United States. In addition to towing, coverage also includes Fuel Delivery, Battery Boost, Flat Tire Service, Lock-Out Service, Trip Accident & Mechanical Breakdown Assistance Service, Winching and Extrication Service, Personalized Trip Planning and Routing, Theft and Hit-and-Run Reward, and Arrest Bond Certificate.

The above information is an overview of services. If you wish to see more details regarding Subaru 360 C.A.R.E., please visit our Web site at subaru.ca.

Subaru Protection Plan

As a Subaru owner, you have expectations for a pleasurable, trouble-free ownership experience – now and into the future. Once your 36-month/60,000-km New Vehicle Limited Warranty period ends, our Subaru Protection Plan (SPP) – the only vehicle service contract endorsed by Subaru Canada for Subaru vehicles – can prolong your hassle-free ownership experience with three levels of extended service contract coverage tailored to your needs: Powertrain Protection; Major Protection; or Complete Protection (best level of coverage to complement the 60-month/100,000-km Major Component Limited Warranty). SPP offers comprehensive mechanical and electrical coverage and a number of additional features and benefits, such as Roadside Assistance and Alternate Transportation, for up to 7 years or 160,000 kilometres from your vehicle's in-service date. Whether your vehicle is purchased or leased, SPP protects you and your investment. Be sure to ask your retailer for details or visit subaru.ca.

¹ If you already own a Subaru vehicle and it is still within the 36-month/60,000-km New Vehicle Limited Warranty period, you are still eligible for SPP.

Subaru vehicles are uniquely designed to get out there more and to leave less behind. We build our vehicles for maximum longevity because more time spent on the road equals less time spent in junkyards and landfills. Fully 98% of our vehicles sold in Canada over the last 10 years are still on the road today.¹ You'll also find very little waste created in the production of a Subaru—many of our vehicles are built in the Subaru of Indiana Automotive, Inc., (SIA) factory, which was the first manufacturing facility in the U.S. to achieve zero-landfill status. Other Subaru facilities around the world now achieve similar goals in helping to preserve the environment. Respect for our surroundings is yet another way that Subaru vehicles help to build driver confidence for the road ahead.

¹ Based on IHS Automotive: Polk Canadian vehicles in operation and new registrations MY 2006–2015 as of June 30, 2015. Actual longevity of any car will vary based upon operating conditions.

www.subaru.ca

The Supplemental Restraint System (SRS airbags) affords the driver and passenger additional protection in some collisions. This system provides supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon airbag deployment. The combination of SRS and seatbelts provides the best protection in a serious accident.
